PRICES

Online consultations start from 150 US\$ for the initial consultation and prescription. Monthly follow ups are 60 US\$ every month.

For children or adults who require help with acute conditions as well, and more regular check ins, we could arrange for a system whereby you could pay yearly instead of every month – which would cover multiple consultations.

FOLLOW UP

Homoeopathy is rarely ever a one prescription cure especially for chronic conditions and every remedy peels upon layer by layer while healing, so it is important to have regular follow ups every month.

The more your physician learns about your symptoms every month, he/she will be able to finesse the prescription to best suit your body's needs.

Occasionally it may take a few months to completely cure you off your symptoms based on the nature and chronicity of your complaints.

You can ideally correspond every month via email or a call to update us about your symptoms after which a follow up prescription will again be emailed.
